Re: Mary Epperson v. City of Humboldt
Response to Plaintiff's Subpoena for TBI Report

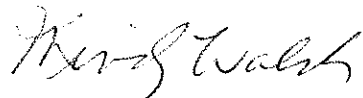

Mr. Conder:

Enclosed is your copy of the TBI Investigative Report that was received in response to Plaintiff's Subpoena. The enclosed CD includes all the photographs that were on the CD of the TBI Investigative Report. I did not include the in-camera dash video recording since you already have that in your possession.

I believe this satisfies compliance with your request for a copy. If there is anything you believe to be lacking, kindly let me know.

Thank you for your cooperation thus far in this matter. It is appreciated.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mindy Walsh".
